BROWN'S IRON BITTERS.

PLAIN TRUTHS.

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made thicken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS

will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

SAVED HIS CHILD.

17 NORTH EUTAW STREET, BALTIMORE, MD., February 12, 1882.—Gentlemen—Upon the recommendation of a friend tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, who I was thoroughly convinced was wasted away with consumption. I was loath to believe that anything could arrest the progress of the disease, but to my great surprise found my daughter had taken some bottle of BROWN'S IRON BITTERS she began to mend, and now is quite restored to former health. A fifth daughter began to show signs of consumption, and when the physician was consulted he quickly said "You're required"; and when informed that the older sister was taking BROWN'S IRON BITTERS responded, "That is a good tonic, take it."
